Safety & Stunts

The film and TV industries present unique and unusual work health and safety hazards to its workers and we know safe practice in a safe environment makes for an efficient production. Being vigilant, identifying potential hazards, and being aware of where we are, what we are doing, with what and to who are a priority that needs to be managed by a professional with accreditation in the State we are working in. We cover NSW, QLD and the ACT. Safety is cost effective in human terms, and economic terms too.
