The Green Room

CATO

The Green Room

Designed with the varied demands of productions shooting on location in mind, The Green Room can be used for everything from a luxurious lounge or production office with W/C, featuring a 30" Samsung Smart LCD TV with video split, to a wardrobe or hair and make-up facility fitted with a Hollywood-style mirror and chair.

An air-conditioned Mercedes Sprinter extra high top, ensuring full standing room inside, with a long wheel base and automatic gear box.

The rear doors of the vehicle give access to a W/C with hand basin and separate storage area perfect for location shoots without access to facilities. Designed and made in Italy, the awning extends from the side of the van to provide shelter outside from sun and rain.

Vehicle Dimensions

Length—6.9m
